Takahiko can't stand Aizawa, a student in another class. As for the reason why, it seems that Aizawa has his eye on Souma, a mutual threat!

To save Souma from Aizawa's evil glances, Takahiko plans an onsen trip so he can reveal Aizawa's true colors! When he hears about this idiotic plan, Takahiko's best friend Mugi is nice enough to play along, but...

Of course there's no way it could all go according to plan and the result is something Takahiko never anticipated!

For students of the same school, flowers of love bloom in total chaos!

Hallo, this is Shionna. Thank you very much for picking up this book. It's an *aromanga* Cr., at least, if you enjoy it as a bit of erotica, I'll be very happy. Those few of you who were kind enough to send reviews to me or the magazine, my editor has been passing them on to me. Either way, I am very grateful. Also, to those of you reading my manga for the first time, thank you very much! This story's a bit of a scandal, but I really hope you enjoyed it.

*That's about all for me!*

Thank you to my editor and my assistants at home, and to those for really helping!

*Shionna*

Including this, I now have 1 volume out!
